BTH 232	Systematic Theology II	3

A high school diploma, equivalent or equivalency testing with the College is required to begin college courses. Nine (9) electives are also required for a total of seventy-two (72) units to attain an Associate Degree.

Each applicant is an individual and each situation must be evaluated on this basis. Bible and theology are taught systematically to give students a solid foundation. If one were to study education of any type, programs are laid out, including Liberal Arts, Bible Colleges and most other programs. The College uses a systematic and repetitive manner in teaching students the Word. Form # , rev.10-99
